## Co-Production

5. **Embedded lived experience in local governance and decision-making structures**
6. **Increased co production activity in all organisations within the Changing Futures partnership and agreed minimum standards for quality**
7. **Peer Support embedded as a core function in all three localities**

*By 2024 we hope to have achieved:*

- Individuals with lived experience having a role in all local governance and decision-making structures relevant to multiple disadvantage including commissioning activities Build expertise and capacity in developing co-production activities within local organisations
- Peer support a regular part of the multidisciplinary offer in Sussex

## Learning & Development

8. **Trauma-informed system of care and embedding a culture of system-wide curiosity to learn from each other through groups and forums - building 'systems thinking' capacity across Sussex**

*By 2024 we hope to have achieved:*

- Developed a shared vision and understanding of a trauma-informed system of care, to include training, supervision and capacity-building for the workforce.
- Developed a culture of system-wide curiosity to learn from each other's practice through interdisciplinary groups and forums
